ORDINANCE NO O2008-009

AN ORDINANCE of the City Council of the City of Tumwater, Washington, amending Title 18 and creating a new zone district, entitled "Chapter 18 49 Manufactured Home Park Zone District", in the Tumwater Municipal Code, as more particularly set forth herein.

WHEREAS, according to Washington State Department of Community, Trade, and Economic Development (CTED) mobile/manufactured home park closure rates in Washington have dramatically increased since 2003, and,

WHEREAS, average mobile/manufactured home park closures between 1989 and 2002 were 5.8 per year in Washington. Average closures between 2003 and 2008 were 14 per year in Washington, and,

WHEREAS, the Washington State Department of Community, Trade, and Economic Development expects the current closing trends to continue, and,

WHEREAS, the City of Tumwater has adopted a Comprehensive Plan, in accordance with the State Growth Management Act (GMA), and,

WHEREAS, the proposed amendments meet GMA requirements for consistency with the comprehensive plan and County-wide planning policies, and,

WHEREAS, the City of Tumwater has adopted a Comprehensive Plan that includes all elements required by the Growth Management Act, Chapter 36 70A RCW, and

WHEREAS, the Growth Management Act requires that the City of Tumwater adopt development regulations, including zoning, that are consistent with and implement its Comprehensive Plan, and

WHEREAS, the proposed amendments are consistent with the Growth Management Act (GMA) goal which states that jurisdictions subject to the GMA must have a Comprehensive Plan that, " *identifies sufficient land for housing, including, but not limited to, government-assisted housing, housing for low-income families, manufactured housing, multifamily housing, and group homes and foster care facilities,*" [RCW 36 70A.070(2)(c)] , and

WHEREAS, applying the Manufactured Home Park land use designation and zone district to existing manufactured/mobile home parks will help to ensure a sufficient supply of land for these types of uses in the future, and

WHEREAS, the amendments are consistent with Goal #2 of the Tumwater Housing Plan to provide a sufficient number of single family dwelling units, multi-family dwelling units, manufactured homes, and group housing to provide an affordable selection of housing to each economic segment of the Tumwater population, and

WHEREAS, the amendments are consistent with Policy 2.1 of the Tumwater Housing Plan to provide sufficient, suitably-zoned vacant land for development of all housing types to accommodate the future needs for each type of housing, including single family, multi-family and manufactured homes in manufactured home parks and on single lots, and

WHEREAS, the amendments are consistent with planning Goal #4 of the Growth Management Act "*Housing Encourage the availability of affordable housing to all economic segments of the population of this State, promote a variety of residential densities and housing types, and encourage preservation of existing housing stock.*" [RCW 36.70A.020], and

WHEREAS, the Tumwater Housing Plan (an element of the Tumwater Comprehensive Plan) includes a variety of policies expressly designed to encourage housing affordability, including a multitude of regulatory changes dispersed throughout the document, and

WHEREAS, manufactured home parks are a source of affordable single family and senior housing in Tumwater; and

WHEREAS, the amendments are consistent with Goal #1 of the Tumwater Housing Plan (an element of the Tumwater Comprehensive Plan) to conserve and improve the existing City housing stock and neighborhoods, and

WHEREAS, protecting manufactured home parks from the pressures of development will help to maintain the existing stock of manufactured housing provided by these "parks", and

WHEREAS, the amendments are consistent with Policy 1.3 of the Tumwater Housing Plan to promote the conservation of existing communities and community housing goals through the preparation of comprehensive plans and the development review process, and

WHEREAS, the manufactured/mobile home parks known as Eagles Landing, Laural Park, Tumwater Mobile Estates, Thunderbird Villa, Velkommen, and Western Plaza are located within residential neighborhoods and currently have residential zoning and are easily recognized as traditional manufactured housing

communities, and

WHEREAS, the properties located at 5012 Rural Road, 6715 Henderson Boulevard, and 6911 Henderson Boulevard have three or more mobile/manufactured homes on the same property so they meet the definition of a mobile/manufactured home park. However, these three exceptionally small "parks" are not the typical easily recognized traditional mobile/manufactured home park, the small size of these three "parks" does not foster a sense of community or neighborhood, and the owners of these three small "parks" appear to own all of the dwellings located on the properties which contrasts sharply with the rest of the more traditional mobile/manufactured home parks in Tumwater where the majority of dwellings are not owned by the land owner; and

WHEREAS, these three small "parks" are not recommended to be included in the new zone district because they are more transitional in nature due to the smaller initial investment in the property when compared to larger more traditional mobile/manufactured home parks which often have paved roads and utility systems and community centers. In addition, the residential densities of these three small "parks" are below the densities of the larger more traditional and easily recognized mobile/manufactured home parks in Tumwater, and below the minimum densities of the zone districts where they are located, and below the generally accepted urban density level for cities and urban growth areas. The low residential density of these three "parks" is not ideal for advancing the goals of preventing low density sprawling development as outlined in the Growth Management Act and the Tumwater Comprehensive Plan, and

WHEREAS, the Allimor Carriage Estates mobile home park, located at 5705 Littlerock Road, is currently the only mobile/manufactured home park within Tumwater that is zoned General Commercial, the only "park" that is almost completely surrounded by General Commercial zoning, and the only "park" that abuts intensive commercial development in the form of commercial strip development and intensive large scale commercial retail including Albertsons, Costco, and Fred Meyer; and

WHEREAS, the Allimor Carriage Estates mobile home park, due to its location adjacent to intensive commercial development, its description in the Tumwater Comprehensive Plan as a transitional property that is expected to develop with a commercial use, and its current General Commercial land use designation and General Commercial zoning, is not conducive to a decent quality of life or the general health and welfare of its residents, and

WHEREAS, applying the "Manufactured Home Park" zone district to the Allimor Carriage Estates mobile home park is not appropriate due to the expected transition of the property to a commercial use as stated in the Tumwater

Comprehensive Plan, General Commercial zoning of the property (as compared to the other mobile/manufactured home parks within Tumwater which have residential zoning), and the intensive commercial uses that surround the "park", and

WHEREAS, applying the Manufactured Home Park zone to the three small "parks" and the Allmor Carriage Estates mobile home park is inconsistent with Goal #8 of the Housing Plan which is to support healthy residential neighborhoods which continue to reflect a high degree of pride in ownership or residency; and

WHEREAS, applying the Manufactured Home Park zone to the three small "parks" and the Allmor Carriage Estates mobile home park is inconsistent with Policy 8.1 of the Housing plan which aims to support the stability of established residential neighborhoods, and

WHEREAS, applying the Manufactured Home Park zone to the six traditional mobile/manufactured home parks known as Eagles Landing, Laural Park, Tumwater Mobile Estates, Thunderbird Villa, Velkommen, and Western Plaza is consistent with Goal #8 of the Housing Plan which is to support healthy residential neighborhoods which continue to reflect a high degree of pride in ownership or residency; and

WHEREAS, applying the Manufactured Home Park zone to the six traditional mobile/manufactured home parks known as Eagles Landing, Laural Park, Tumwater Mobile Estates, Thunderbird Villa, Velkommen, and Western Plaza is consistent with Policy 8.1 of the Housing plan which is to support the stability of established residential neighborhoods, and

WHEREAS, the City of Tumwater has prepared the amendments to the municipal code that are included in this ordinance, in accordance with the City of Tumwater Citizen Participation and Intergovernmental Coordination Policy (Resolution No. 418), and

WHEREAS, these amendments meet the intent of and are consistent with the State Environmental Policy Act, the Washington State Growth Management Act, County-Wide Planning Policies, and internal goals and policies of the Tumwater Comprehensive Plan, and

WHEREAS, a Determination of Nonsignificance was issued on November 3, 2008, in accordance with the State Environmental Policy Act (SEPA) (chapter 43.21C RCW) and in compliance with Chapter 16.04 of the Tumwater Municipal Code, and

WHEREAS, the Tumwater Planning Commission held a public hearing on November 25, 2008, and considered all testimony and evidence before making a recommendation to City Council, and

WHEREAS, the Tumwater City Council held public hearings on the recommendation on January 6th, 2009, and February 17, 2009, to accept public testimony relating to this matter;

WHEREAS, the Tumwater City Council, after considering all of the testimony and evidence, finds the amendments support the health, safety, and welfare and are in the best interest of the residents of the City of Tumwater,

**NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF TUMWATER,
STATE OF WASHINGTON, DOES ORDAIN AS FOLLOWS.**

The following land is excluded

1. For the purpose of calculation of the open space/park requirement, the open space/park area shall be separate and distinct from required yards, setbacks and landscaped areas, but may include areas of native vegetation that are allowed to fulfill the landscaping requirements of TMC 18.47. Open space/park areas may also include wetlands and their buffers, other critical areas, and stormwater facilities that are designed for active and/or passive recreation opportunities in accordance with the Drainage Design and Erosion Control Manual for Tumwater.

The requirement that the open space/park area be consolidated may be waived by the Director of Development Services upon a finding that the residents of the development would receive a greater benefit if the required open space/park area were provided in another configuration due to the unique topographic conditions or fish and wildlife habitat values of the site.

4. The open space/park area shall be designed and placed in consideration of existing and potential open space/park areas on adjacent parcels to consolidate or provide future opportunities for consolidation of neighborhood open space areas.
